Seven Things to Consider

When Hiring an Entertainment Company for Your Event

- 1) **Insurance:** Does the company you are considering carry Liability insurance? Do they carry special insurance for a mechanical bull that might be required for the state where you are located? Many companies are willing to go to another state for your event, but make sure they provide you with their certificate of insurance for the state you are located. If not, *your* company and event is being put at risk. Any reputable company should not be offended by these suggestions and should happily provide these papers for you. At **Big Bounce Fun House Rentals**, we are always happy to provide these for our customers!

- 2) **Large selection and variety for all ages:** Look at the inventory of what the company has to offer. Do they have a large list of items to choose from to ensure that your event is customized to fit your guests tastes as well as your budget or are you dealing with a “cookie cutter company” that pushes their limited stock on you in the form of packages? We attend tradeshow and conferences all over the U.S. because we are committed to continually adding to our already huge inventory and making sure that every event is filled with the hottest entertainment from coast to coast.

- 3) **Safety:** Does the company take safety seriously? Besides insurance coverage for your guests, all of our inflatables are inspected at the beginning and end of each event. Every unit is cleaned once returning to our store. We also certify our employees yearly with the advanced safety course through Soto which is highly credited with-in our industry. When you book an event with us you are in good hands.

- 4) **Testimonials and References:** Ask for references or testimonial letters from satisfied clients. Any reputable company should be able to give you this information upon request. This info should also be on their website. Ask to call past customers. The rental company should be happy to provide this info for you. After all, word of mouth is the best form of advertisement!

- 5) **Support Staff:** It is important that you are taken care of before the event as well as during it. The success of your special day depends on the professionalism and good business sense of the entertainment company. Is the company that you are considering able to handle multi client days and all the upfront legwork to ensure a successful event? At **Big Bounce Fun House Rentals** we may handle several events per year but you will think that yours is the only one. We have a full time professional office staff that has only one thing on their mind...you. From the initial consultation, to the event, you will feel treated like royalty and know that your event will be a perfect one.

- 6) **Event planning:** Many parties are organized with committees. Our event staff will be happy to meet with your committee. This takes the guess work out of the conversations and answers any questions your committee may have. This eliminates having someone to contact the party rental company after the meeting and talking about the same things at the next meeting. Who likes long meetings? We do this free of charge.

- 7) **Year Round Full Service Company:** One of the most important things to consider is this: will I be able to rely on the services of this company for more than just the picnic or yearly festival? At **Big Bounce Fun House Rentals** that answer is a giant YES! We take great pride in working with many of our clientele throughout the year from picnics to sales meetings, holiday parties and more. We want to be your rolodex of entertainment and know that if given the opportunity we will **make** all of **your** year round **events: Successful, Memorable and Fun !**

Our customers LOVE us!

We represent the 2008/2009 South Putnam Post Prom Committee and would like to share our experience with BIG BOUNCE FUN HOUSE RENTALS.

From day one, we were very happy with our conversations with Susan Lorimer. Susan was very helpful with suggestions, came to our meeting and thoroughly discussed what her company had to offer.

Once we determined our budget and our theme, Susan was very good with following up with us regarding our questions, space limitations, what was expected of us and what we could expect from her and her company. We were also very pleased with the prices and the quality of the inflatables and the variety of what they had to offer.

Our Post Prom event fell on the same night as Greencastle's Post Prom, which Big Bounce was also involved with, plus they had another event the very next day. With all this going on, we felt that we received excellent service and attention and everything flowed very smoothly with set up. They were also able to accommodate the request to take down the same night at the request of DePauw University.

All in all, we strongly recommend BIG BOUNCE FUN HOUSE RENTALS and Susan Lorimer for your next event.

Thank you,

Sandy Welty

Big Bounce Fun House Rentals is a wonderful organization that puts their clients first. We partnered together to reach out to our community this past summer, and the service we received from them was outstanding. The quality of the inflatables we used was great. They arrived in plenty of time to train our folks on how to run them safely, and they returned right when they said they would to pick them up. The conversations with Susan prior to the event showed me this company is client-focused, caring, and very professional. The contract was clear, and the details were well-defined.

I would highly recommend that you use Big Bounce Fun House Rentals for your event. I am confident you will be very pleased you did.

As a representative of Highland High School Post Prom Committee, I had the great pleasure of working with Susan Lorimer (owner, Big Bounce Inc.) to insure that our Prom attendees would have the best time possible! I called and she sent me packages of what she thought high school kids would want from previous proms. We picked a package and changed it several times before we perfected it, but Susan hung in there and was very patient and understanding!! After picking the package, we scheduled a time to meet at our High School to set up for the fun-filled night. Big Bounce showed up on time, set everything up, trained all parents on all aspects of the equipment, and came back the next morning to tear down. I cannot stress how important it is to work with someone that shows such professionalism and knowledge!! Please consider working with Susan Lorimer of Big Bounce for your next "BIG" event!

Sincerely, Kristie Binda

We used "Big Bounce Fun House" for a festival at our church. We rented 5 pieces of equipment. They were right on time with delivery and all rentals were in great condition. The delivery guys were very helpful and explained how to use everything. We would definitely use them in the future. Jan, St Matthew Church

We want to thank you so very much for a wonderful evening with Santa. The kids really had a fantastic time and went crazy after you left. They jumped on and off the couch singing that Santa had come to see them tonight. We think they were just so very shocked seeing Santa just walk in the house, it made them think that Santa is real. The way you talked to them it was like you truly did know them and all about them and the things they wanted and what had been going on in their lives this past year. We cannot

say enough about the evening and how you gave them a memory that will stay with them the rest of their lives. It was evident that all three of you enjoy giving children the joy of knowing Santa and feeling his love for children. We have told all our friends about your service and they think it is the neatest thing they have ever heard. You may get more business from this area for next year. If you have a chance some time after the Christmas season send us some info about your businesses and all the different hats you wear. We would love to do more business with you and help spread the word. We try to use local businesses as much as we can and love to work with loving and kind people like you.

We hope you and your family have a Wonderful Christmas and a Happy New Year!

Thank you so very much,

Linda and Gary McKee

Our family was so pleased with our decision to rent a "Big Bounce Funhouse."

We divided a 2 day rental into 3 sections of time. Our younger daughter celebrated her 7th birthday all day long on Saturday with her friends and siblings. In the evening our 16 year old and her friends had a ball bringing in summer vacation; celebrating their last day of school. The following day, we brought home our son's Sunday School class and enjoyed every last minute of good laughter and lots of fun exercise!

We felt we had made such good use of the money spent.

Upon delivery, we were given clear, simple directions on use and safety, it was professionally placed in the right spot and all electrical cords taped down. Most important, it is kept clean.

We had a fantastic experience, made a great memory, and did not need to pack a bag or leave home to do so.

"We love working with Big Bounce Fun House Rentals. You can't beat the rental price and the fact that they not only deliver, but set up and tear down...**we won't rent from anyone else.** Thanks Lorimer family!!"

"Our daughter wanted to have her birthday at our house last year and we wanted to make it extra special for her. (she usually chooses chuck e cheese or something) So, we contacted Big Bounce and they were fantastic! They came out with the Bounce house, set it up for us in time for the party and took it down for us after! It was all great for the price. The kids had a lot of fun in the bounce house! We could hardly get them out! **You would be making a mistake if you didn't go with**

Big Bounce for your next party!"

This letter of recommendation is written without any hesitation or reservation whatsoever. Big Bounce Fun House Rentals was wonderful to work with in the planning of our 2010 Post Prom. This is my second Post Prom to plan for our school corporation. This is the first time our school corporation has worked with Big Bounce Fun House Rentals and we were very satisfied. I found their website on the Internet and contacted Susan concerning their availability on the date of our Post Prom. She suggested she come to one of our meetings to view the area where our Post Prom would be held and to make a presentation to the committee. I was very impressed with this. We had a good idea of what we wanted; however, she was able to make suggestions after her tour of our school. We had rented a few items that were to be outside; however, the weather did not cooperate. Susan and Andy were willing and able to substitute other items to be placed inside the school and the Post Prom was a huge success. We also appreciated their prompt arrival and also their staff that worked the event.

Again, I fully recommend Big Bounce Fun House Rentals and all of their staff for any event you may be planning.

To whom it may concern,

The 2010 Post Prom Committee would highly recommend the services of Big Bounce Fun House Rentals. We had a very professional and courteous relationship with Susan and the entire staff from our initial meeting to the post – post prom breakdown and clean up. They worked hard to get us the entertainment we needed while staying within our very demanding budget constraints.

Good luck to all of the 2011 Post Prom Committees. It's hard work but businesses like Big Bounce can help you a lot.
